

Dear Parents/Guardians

Re: Library

We look forward to welcoming your child to our library in the Michaelmas Term 2019. During the first weeks of term, we organise an introductory session to the library to show our new students the resources the library has to offer and to explain how to use them.

Our aim is to encourage students to read as widely as possible, and to assist them with their A level and Extended Project Qualification research. With the exception of reference books, such as dictionaries and encyclopaedias, the students are able to take out any of the books in the school library. In line with Essex Library Services, we allow students access to all of our non-fiction books and fiction books.

To assist the students with their research skills, we use online resources from public libraries. We would ask that you join your child to your local library and send them in with their library card number and password. Regardless of where you live, all public libraries are free to join and offer a wealth of services for every family.

We hope that all the new students joining us will enjoy using the library throughout their time at New Hall.

Kind regards

Mrs Apryl Hammett
LIBRARIAN
